546 NORTH HOLMES AVENUE

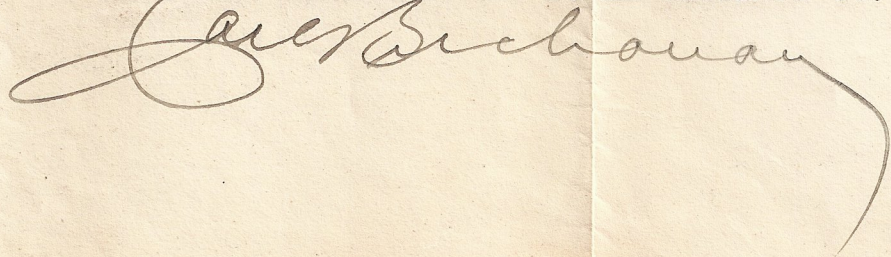

Indianapolis, Ind. August 15, 1930.

TO WHOM IT MAY CONCERN:

William Edwards, 2325 Shriver Avenue, has been working with us since 1925. Twice he has been away from the plant, both times due to slack work. He has worked in the foundry as a molder, and has made an excellent record. It is with regret present business conditions make it necessary to lay off a number of men, which includes Edwards. We commend his honesty and reliability, and we know him to be a worthy, conscientious workman.

Yours very truly,
